Date Muffins

A New Way of Using Dates.
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

The value of dates as a food is hardly appreciated. They are wholesome, nutritious, and when used in K. C. Date Muffins make a recipe that is appreciated by the entire family.

K. C. Date Muffins
One-third cup butter; 1/4 cup sugar; 1 egg; 1/2 cup milk; 2 cups flour; 3 level teaspoonsful K. C. Baking Powder; 1/2 teaspoonful salt; scant 1/2 pound dates.

Cream the butter, add the sugar and the egg, beaten light. Sift together three times the flour, baking powder and salt; add these to the first mixture, alternately with the milk; beat thoroughly and add the dates, stoned and cut in pieces. To bake, have a slow oven until the muffins double in bulk, then increase heat to bake and brown quickly. Muffins baked this way will be light, appetizing and more easily digested.

This is only one of the many appetizing recipes found in the K. C. Cook's Book.

The wonderful K. C. Cook's Book is substantially bound and printed in nine colors, contains ninety tested and easily-made recipes by Mrs. Janet McKenzie Hill, of the world famous Boston Cooking School Magazine.

You can secure a copy FREE by sending the colored certificate packed in 25-cent cans of K. C. Baking Powder to the James Mfg. Co., Chicago.
